

You are about to walk down the aisle and realise you are crying and didn't wear waterproof mascara. You have dislodged your hair style. Someone gave you a kiss as you got in the car and you have lipstick on your cheek.

These are little things which can happen and the idea of the kit is to be prepared with items that can help amend these unforeseen incidents.

Firstly you will need to keep items in a makeup case or bag. Believe it or not but a fishing tackle box is a great idea, sturdy, many compartments and can be reused or sold after the event.
